DEVELOPMENT COORDINATOR

Who we are

Sonoran Institute is one of the West's leading and most innovative environmental organizations. Founded in Tucson in 1990, we are the lead organization for on-the-ground restoration in the Colorado River Delta, are leading the charge for the restoration of the Santa Cruz River, and are working on innovative approaches to increase renewable energy generation and promote smart growth. We celebrated our 25th Anniversary in 2015 and are in the midst of a robust marketing and fundraising effort to support the launch of our 2040 Vision.

The Development department of the Sonoran Institute is responsible for the cultivation of individual donors, foundations, and corporations. Development staff are responsible for raising general unrestricted revenues, endowment funds and supporting the funding needs of specific projects and programs. The Sonoran Institute currently receives support from a loyal and generous group of ~500 donors throughout the United States and is working to expand this base of support.
